

Better Waterways Stream Clean-Up

Saturday, November 16, 2019, 10 am - 1 pm
Beaver Run Lane, Cockeysville, MD 21030

Volunteers are needed to assist Stream Captain Steve Fauser with **cleaning a section of Beaverdam Run**, a tributary of Loch Raven Reservoir. This clean-up event is part of the Gunpowder Valley Conservancy's Better Waterways fall clean-up campaign. We are seeking individuals and/or groups to remove trash in and around our local streams. This event is perfect for students, Scout troops, faith groups, corporate volunteers, individuals, and families (children must be at least 8 years old and accompanied by an adult). Community service learning hours are available.

What to wear/bring: Work gloves will be provided, but you may bring your own if you like. Close-toed shoes that can get wet are mandatory; rubber boots or waders (optional) are recommended. Wear long pants and long sleeves, and bring sun protection and/or rain gear as appropriate. Water bottles are also recommended.

Directions: Parking lot at the end of Beaver Run Lane in Cockeysville. Take I-83 N to Warren Road (Exit 18). Stay on Warren Road for about a mile. Turn left onto York Road. Turn right onto Beaver Run Lane in 0.8 mile. For reference, Andy Nelson's BBQ is on York Road immediately after Beaver Run Lane.

For general questions, contact Darcy Herman, *Clear Creeks Project* Assistant Manager, at dherman@gunpowdervc.org or 410-780-8618. For questions on the event day, contact Steve Fauser at 443-845-1795.

To volunteer for this clean-up event, register online at
